

Midwest Clean Diesel Initiative

# Virtual Workshop on Diesel Emissions Reduction Funding Opportunities

October 12-14, 2021

**E**nvironmental Protection Agency (EPA) Regions 5 and 7 and the Midwest Clean Diesel Initiative (MCDI) are excited to host this workshop on diesel emissions reduction topics. Grant administrators and local grantees will share insights about applying for and implementing grants that reduce diesel emissions from vehicles and inland ports. Join us in networking, discussion, and information sharing on local and national funding resources and strategies to reduce diesel emissions.

## What is on the agenda?

### October 12, 12:00-2:00 PM CDT

- Air Quality and Health Effects of Diesel Emissions
- Overview of EPA Diesel-Related Programs

### October 13, 12:00-2:00 PM CDT

- DERA National Grants and American Rescue Plan
- Region-Specific Diesel Emissions Reduction Funding Opportunities

### October 14, 12:00-2:00 PM CDT

- Case Studies
- DERA Program Priorities
