

Kansas Biodiesel Consortium annual Biodiesel Workshop

Biodiesel: Mission Possible 2022

Wednesday, January 12, 2022 | 9:15 am — 1:30 pm

SpringHill Suites Topeka Southwest | 2745 SW Fairlawn Rd, Topeka, KS

Join the Kansas Biodiesel Consortium (KSBC) for our annual biodiesel workshop. Presenters will cover how to use biodiesel in your operations. From biodiesel fueling to vehicles to funding opportunities, you'll learn what you need to know to get started with biodiesel. Each session will have time for Q&A with attendees. The final session is a roundtable to get your questions about biodiesel answered, followed by lunch. The workshop is free, but pre-registration is requested at <http://bit.ly/biodieselworkshop22>.

Masks are recommended for all attendees. A link for an online option will be sent to all registrants prior to the event for those who prefer to attend virtually.

AGENDA

8:30 – 9:15 am Registration with coffee & donuts

9:15 am Welcome—Edwin Brokesh (KSRE) – KSBC President

9:20 am Biodiesel Funding Opportunities—David Albrecht and Tami Alexander with the Kansas City & Central Kansas Clean Cities Coalitions will share information on funding opportunities for biodiesel fueling equipment and vehicles.

10:15 – 10:30 Break

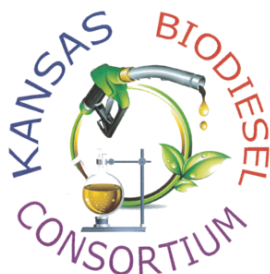

10:30 – 11:45 am Real-World Biodiesel Use Case Studies

- James Jackson, Director of Public Works with the City of Topeka—Biodiesel Technology Transformation
- Rich Iverson, Fleet Support Manager for the City of Ames, IA will share their experiences with the Optimus Technologies Vector System using 100% biodiesel.
- Eric Lawson with MEG Corp will talk about biodiesel blending and fuel usage in vehicles.

11:45 – 12:30 Roundtable discussion on biodiesel in Kansas—Speakers will take your questions about biodiesel.

12:30 – 1:30 Lunch provided at the hotel—Attendees will have an opportunity to talk with presenters and network with each other.

Visit <http://bit.ly/biodieselworkshop22> to register.
